Reports of Parent Teacher Meetings

During parent-teacher meetings, student concerns are discussed, and parental feedback is recorded. Sri Shanmugha College of Nursing has conducted these meetings for all batches.

All parent-teacher meetings are conducted either in the respective classrooms or in the seminar hall at Sri Shanmugha College of Nursing. The meetings are scheduled from 9:30 am to 3:30 pm. During these sessions, parents meet with the principal, class coordinator, respective department heads, and subject in-charges. Discussions primarily focus on students' academic performance, theory comprehension, clinical attendance, and overall attitude.

For parents who reside abroad or at a long distance, guardians of the students attend the meetings on their behalf and engage in discussions regarding the student's progress and performance.

Parents were requested to provide the feedback on Infrastructure and general facilities and are as mentioned below:

- Transport facility within campus like battery car /cycle
- Career guidance Program
- Special attention for Failure students

Follow up Action:

- ✓ During every parent-teacher meeting, parents are required to sign an undertaking confirming their commitment to ensuring their child meets the internal assessment and attendance requirements as per statutory norms
- ✓ As the campus spans across acres of land, students are prohibited from using vehicles inside for reasons of pollution prevention and student safety. The institution has provided alternative means such as on-campus transportation for daily needs and battery-powered cars for students and visitors.
- ✓ Career guidance programmes are regularly conducted for final year B.Sc.(N) students at Sri Shanmugha Educational Institution –Inspire
- ✓ Midcourse programmes are regularly conducted for Below average and Failures of B.Sc(N) students at Sri Shanmugha college of nursing Students.

Follow up Action and outcome analysis

This institution has arranged transportation on campus in response to parental requests. The drivers' contact information has been shared with students and faculty, who are using it to conveniently navigate between areas such as hostels, playgrounds, and the food court. Additionally, hostel students are using this service to transport their luggage after college hours.

The eligibility criteria for the examination were reviewed during a parent-teacher meeting. As a result, the majority of students have achieved over 80% and 90% attendance in theory and practical sessions, respectively. Every student meets the required criteria to sit for the university exam.

Both parents and students have signed an undertaking agreeing to comply with the university's attendance requirements and norms, as specified in the university's format.
